

System Architecture

A. Highway Scene – one-hop multicast over a shared 802.11p cell

 Background nodes

 Crash source (node 0)

**Shared 802.11p cell –
one-hop multicast, 5.9 GHz, 10 MHz**

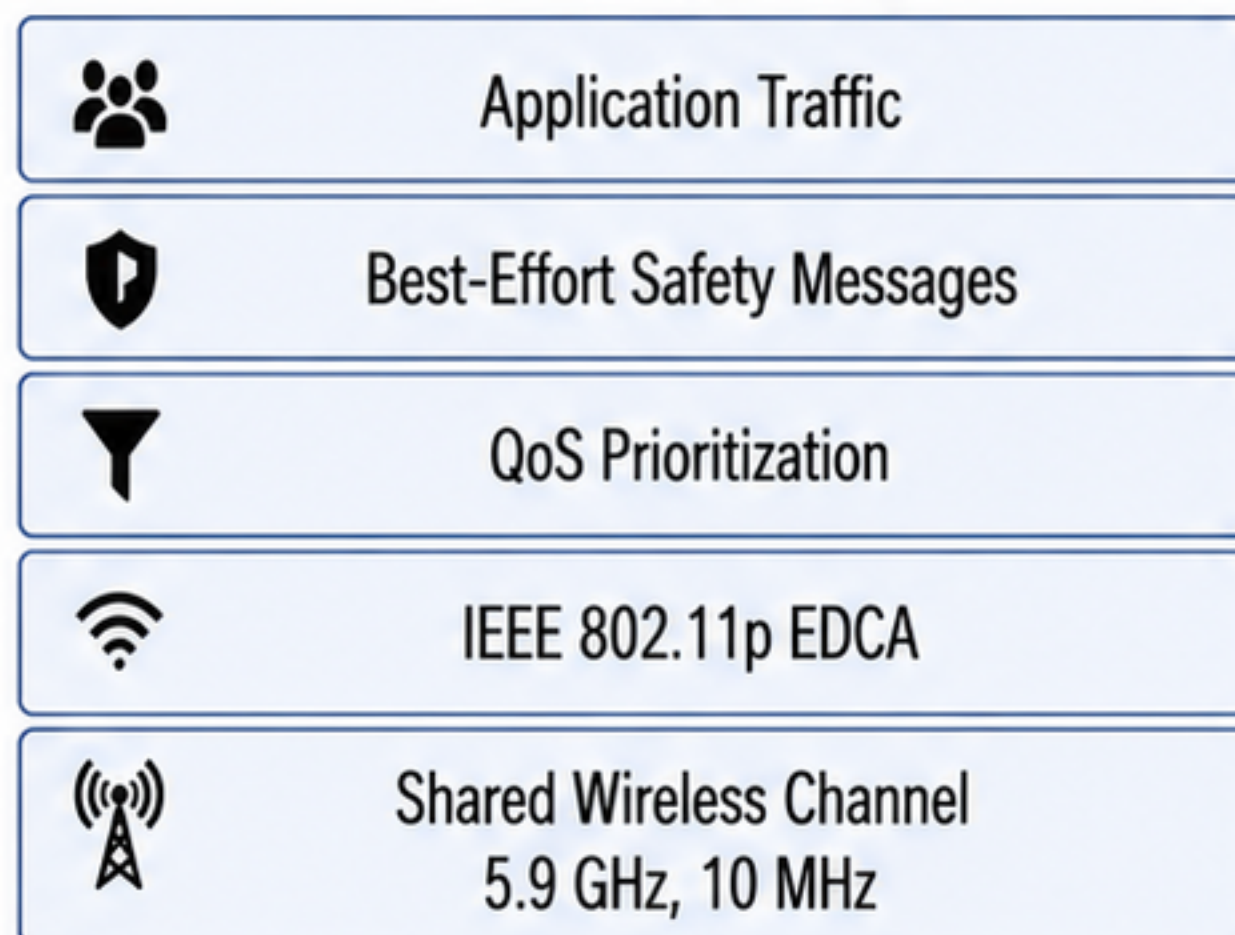

No infrastructure
(no RSU/AP)

No centralized coordinator

B. Per-vehicle protocol stack (conceptual)

All vehicles (baseline)

Shared
medium

Crash source (node 0)
